

Checklist for Transfer of Ordination

(from another PCA presbytery)

PCA BCO 13-6 indicates that someone transferring ordination from another presbytery in the PCA should be examined as to his views in the areas listed below (rather than his knowledge of said areas).

These items ordinarily must be submitted to the committee no less than one month prior to your anticipated committee examination (thus about two months before you anticipate standing for examination on the floor of presbytery).
